

# Visor face shield

## PPE - Eye and face protection

The visor features a generous face shield fixed to a cushioned airmesh browpad for enhanced comfort, and a broad elasticated headband for a universal fit. These features combine to create a comfortable visor ideal for extended periods of use.

The visor has successfully achieved CE certification having being examined by BSI and found to meet the requirements of BSI 2020/403 Eye Protection Technical Specification for PPE.

The DMM visor is intended for use by healthcare workers, first responders and other personnel involved in efforts to contain the COVID-19 virus and avoid its further spread. This product is not approved for industrial applications.

We manufacture the visor in our PPE factory in Llanberis, North Wales under our ISO 9001 Quality Management System.

Please contact us at [post@dmmwales.com](mailto:post@dmmwales.com) for pricing, orders and availability.
